**Welcome to 2011 team USA F3D team trials!! This event will be the time trials to select the 3 pilots who will represent the USA in the 2011 World Championships in Bundaberg Australia. This event will be run in strict accordance to the current FAI F3D rule as stated in the current rule book. ALL contestants are required to use the current approved silencers on your aircraft as well as meet all other current FAI regulations. Please note, we will be flying in the circle per FAI rules for qualification. Entries from other countries not qualifying for the US team are welcome, and we will run you in a separate matrix. However, if time becomes an issue, we may have to limit the non-team qualifiers on the number of rounds. All course workers are experienced and very well qualified and we will be using a well proven digital lighting, timing and scoring system.
